Réamhrá

Pacáiste oibre i gcomhair na Matamaitice i mblianta tosaigh na scolaíochta is ea *Mata le Chéile: Tús Maith*. Ar ranganna na Naíonán Sóisir agus na Naíonán Sinsir atá sé dírithe. Tá stór cuimsitheach gníomhaíochtaí ar fáil ar na bileoga oibre agus ar na cártaí teanga chun dul i ngleic leis na príomhchoincheapa agus leis na scileanna atá curaclam nua na Matamaitice ag iarraidh a fhorbairt sa bhunscoil. Is féidir leas a bhaint as an bpacáiste le dul ag obair leis an rang iomlán, le grúpaí daltaí nó le daltaí aonair. Tá cead ag an múinteoir na bileoga oibre a chóipeáil agus a dháileadh lena n-úsáid sa seomra ranga. Is féidir na cártaí teanga a ghearradh agus leas a bhaint astu le plé ar choincheapa na Matamaitice a spreagadh.

Tá *Mata le Chéile: Tús Maith* ag teacht leis an gcur cuige comhtháite is fearr a oireann do dhaltaí óga, agus a bhfuil cuntas air in *Curaclam na Bunscoile: Matamaitic* (An Roinn Oideachais agus Eolaíochta, 1999). Tá sé shnáithe i gcuraclam na Matamaitice ar an leibhéal seo:

- Luathghníomhaíochtaí matamaiticiúla
- Uimhreas
- Ailgéabar
- Cruth agus Spás
- Tomhais
- Sonraí

‘Déanann na snáitheanna mogalra d’aonaid ghaolmhara idirspleácha. ... Ní aonad scartha é aon snáithe díobh’ (*Treoirlínte do Mhúinteoirí, lch 8*).

Sa súgradh a leagtar síos bunchloch na forbartha ag páistí. Is próiseas nádúrtha foghlama é an súgradh. Tá an lán gníomhaíochtaí matamaiticiúla nár mhiste do dhaltaí taithí phraiticiúil a fháil orthu ina gcuid súgartha, idir shaorshúgradh agus shúgradh faoi threoir, sula dtugann siad aghaidh orthu sa leabhar seo. Agus iad ag foghlaim na Matamaitice ní mór do dhaltaí a bheith ag obair le nithe a aithníonn agus a thuigeann siad, agus a mbíonn spéis acu féin iontu.

Cuirtear béim mhór sa churaclam ar fhorbairt theanga na Matamaitice. Is ceart don mhúinteoir a bheith de shíor ag plé an ábhair leis na daltaí de réir mar a dhéanann siad na gníomhaíochtaí atá in *Mata le Chéile: Tús Maith* – meaitseáil, sórtáil, rangú, péireáil, cur rudaí i gcomparáid le chéile agus in ord, comhaireamh. Ar an gcaoi sin feicfidh an múinteoir cén fhorbairt a bheidh ag teacht ar an tabhairt faoi deara ag na daltaí, ar theanga na Matamaitice acu agus ar a gcumas réasúnaíochta i gcomhthéacs na Matamaitice. Ós féidir leathanaigh *Mata le Chéile: Tús Maith* a chóipeáil is féidir leis na daltaí na gníomhaíochtaí éagsúla a chleachtadh agus a athcheachtadh chomh minic agus is gá chun cur lena gcuid eolais agus lena bhfeinmhuinín. Ní mór don mhúinteoir gach ceacht nua a chónascadh lenar fhoghlaim na daltaí cheana, agus le hábhair eile ar an gcuraclam nuair is féidir sin.

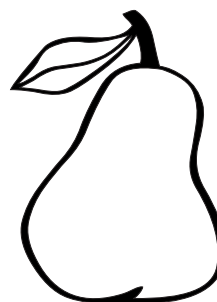

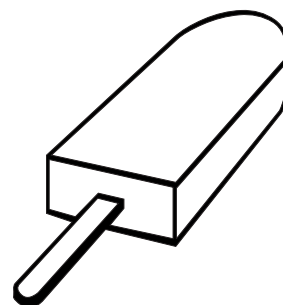

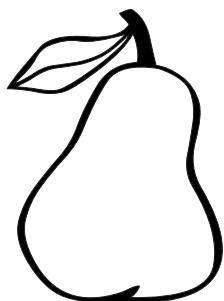

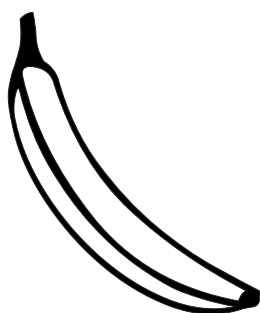

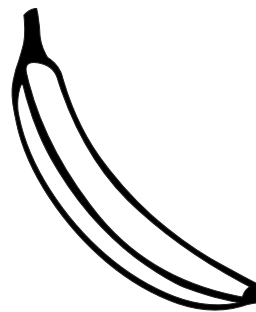

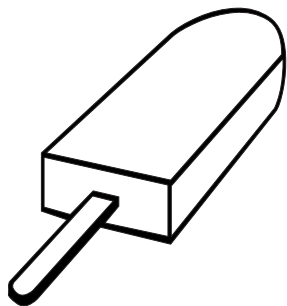

Bíonn tuiscint mhaith ag daltaí áirithe ar an Matamaitic faoin am a dtosaíonn siad ar an scoil. Bíonn obair dhúshlánach ag teastáil ó na daltaí sin. Ní hamhlaidh a bhíonn gach dalta chomh heolach céanna i dtús a chuid scolaíochta, áfach. Lena chois sin, bíonn gach dalta ag foghlaim ar a ráta pearsanta féin. An tréimhse a bheidh le caitheamh ar gach snáithe nó ar gach snáithaonad, beidh sí ag brath ar dhul chun cinn an dalta aonair. Oireann *Mata le Chéile: Tús Maith* don chur chuige solúbtha sin. Tá a lán léaráidí sa leabhar agus, leis an mbéim sa leabhar ar theanga na Matamaitice, daingneofar an méid a fhoghlaimoidh na daltaí sna gníomhaíochtaí praiticiúla.

Tá sé thar a bheith tábhachtach go bhfaigheadh na daltaí tuiscint agus máistreacht ar na luathghníomhaíochtaí agus ar na bunchoincheapa Matamaitice a chuirtear ina láthair in *Mata le Chéile: Tús Maith*. Is é cuspóir an leabhair tús maith a chur ar an bhfoghlaim agus cur le féinmhuinín na ndaltaí.
